Dear Mr. Gill:

On March 28, 1995, the Regional Administrator for the U.S. Environmental Protection Agency ("U.S. EPA") signed the final cleanup plan, called a Record of Decision, for the Albion-Sheridan Township Landfill Superfund Site. Enclosed is a copy. Section I of the document describes the selected remedy, which includes removal and treatment of drums, installation of a landfill cap with gas control, and groundwater monitoring.

U.S. EPA anticipates that construction of the landfill cap will begin in Spring 1997. The Agency will notify the public when it has approved a design for the cap.

If you have any questions please feel free to call me at (312) 886-4696.

Sincerely yours,

Leah Evison

Dear Mr. and Mrs. Prater:

On March 28, 1995, the Regional Administrator for the U.S. Environmental Protection Agency ("U.S. EPA") signed the final cleanup plan, called a Record of Decision, for the Albion-Sheridan Township Landfill Superfund Site. Enclosed is a copy. Section I of the document describes the selected remedy, which includes removal and treatment of drums, installation of a landfill cap with gas control, and groundwater monitoring. Consolidation of waste along the south edge of the landfill is described on page 24 of the document.

U.S. EPA expects that construction of the landfill cap will begin in Spring 1997. The Agency will notify the public when it has approved a design for the cap.

If you have any questions please feel free to call me at (312) 886-4696.

Sincerely yours,
